# **Itinerary**

# Day 1: Arrive in Quito. Evening welcome briefing

Welcome to Quito, a UNESCO World Heritage Site and often referred to as the Cultural Capital of South America! This vibrant city, nestled in a valley on the equator at the base of the Pichincha volcano, boasts the largest and most well-preserved colonial center in the Americas. Upon arrival, you have the option to discover the captivating old town and its surroundings. Our team can assist with arranging a Quito City Tour if you'd like (please request in advance). This evening, join us in the hotel lobby at 6pm for a welcome briefing led by one of our trip leaders, where we'll discuss the exciting adventure ahead and answer any questions that may arise. Today is a day for acclimation and gathering information, so relax and enjoy your first taste of Quito!

**OVERNIGHT:** Quito hotel

**MEALS:** None

# Day 2: Fly to San Cristobel Island. Afternoon wildlife viewing and snorkelling

Today, our adventure begins as we journey to the Galapagos Islands, the breathtaking archipelago that inspired Charles Darwin's groundbreaking theory of evolution. After a scenic morning flight from Quito to San Cristóbal Island, we'll settle into our hotel in Puerto Baquerizo Moreno and receive a briefing on the exciting days ahead (please note that this flight normally makes a touch down Guayaquil, though no change of aircraft is required).

This afternoon, we'll explore "La Loberia," a haven for Galapagos sea lions. Witness playful pups frolicking amidst the waves and adults basking on the sandy shore. Keep an eye out for yellow warblers, frigate birds, and diverse species of Darwin finches that call this beach home. As we venture further, we might encounter the unique marine iguanas, found only in the Galapagos. And of course, no visit to La Loberia is complete without a refreshing swim and snorkeling session in the crystal-clear waters.

**OVERNIGHT:** San Cristobel Island hotel

**MEALS:** Breakfast

# Day 3: Snorkelling at Kicker Rock and Cerro Brujo

Today, we embark on a thrilling speedboat adventure to Kicker Rock, an iconic geological formation aptly nicknamed the Sleeping Lion (Leon Dormido) for its striking resemblance. Situated off the coast of San Cristóbal, this eroded lava cone presents two towering rock faces rising dramatically from the ocean, forming a narrow channel navigable only by small vessels. As we approach, we'll be greeted by a mesmerizing aerial display of tropicbirds, frigate birds, and boobies, who frequent this Galapagos Islands natural monument.

Beneath the surface, a vibrant underwater world awaits. The crystalline waters teem with a kaleidoscope of tropical fish, including the aptly named rainbow fish, and a variety of sharks, such as hammerheads, reef sharks, and white tips.

In the afternoon, we'll venture to Cerro Brujo, a lively island brimming with playful sea lions eager to welcome us. This enchanting locale not only offers fantastic snorkeling opportunities but also the chance to observe the iconic blue-footed and Nazca boobies.

**OVERNIGHT:** San Cristobel Island hotel

MEALS: Breakfast, Lunch

# Day 4: Exploring Isabela Island including Tortoise breeding centre

This morning, a short flight transports us to Isabela Island, the largest and most volcanically active island in the Galapagos archipelago. Formed by six shield volcanoes, five of which remain active, Isabela boasts one of the most dynamic volcanic landscapes on Earth.

In the afternoon, we'll delve into the island's remarkable ecosystem, encountering a diverse array of wildlife. We'll be captivated by the sight of flamingos and marine iguanas basking in saltwater lagoons, explore pristine white sand beaches, and wander through lush mangrove forests. This area teems with birdlife, from American oystercatchers and herons to flamingos, finches, and numerous shorebirds. Of course, we'll also encounter the ubiquitous sea lions and marine iguanas that call Isabela home.

A highlight of our day is the Tortoise Breeding Centre, where we'll witness the fascinating life cycle of giant tortoises, from tiny eggs to hatchlings, juveniles, and sub-adults. We'll also visit the Wall of Tears, a poignant reminder of the island's past as a penal colony. This imposing lava rock wall stands as a testament to the isolation and hardships endured by prisoners forced to build it in the 1950s.

As evening descends, we'll gather on the beach of Puerto Villamil to savor a spectacular sunset, a fitting end to a day filled with wonder and exploration.

**OVERNIGHT:** Isabela Island hotel

**MEALS:** Breakfast

**EXTRAS:** 

# Day 5: Snorkelling in Tintoreras

Today's adventure takes us to the Tintoreras Islet, a short distance from Puerto Villamil and a haven for diverse wildlife. Prepare for an unforgettable snorkeling experience in the islet's crystal-clear turquoise waters, where you'll encounter white-tipped reef sharks, Galapagos penguins, marine turtles, and playful sea lions.

Following our underwater exploration, we'll embark on a leisurely stroll along the islet's beaches, framed by lush mangroves. Tintoreras Islet is a unique nesting site for marine iguanas, offering us a rare opportunity to witness their breeding grounds.

**OVERNIGHT:** Isabela Island hotel

MEALS: Breakfast, Lunch

**EXTRAS:** 

# Day 6: Exploring and snorkelling at the Lava tunnels

Today, we embark on an unforgettable journey to explore the mesmerizing lava formations sculpted by recent volcanic eruptions along the seashore. This enchanting location has even been featured in BBC and National Geographic documentaries! Prepare to be awestruck by a labyrinth of lava arches within the crashing waves, where crystal-clear waters teem with an abundance of marine life. Here, we'll encounter graceful sea turtles, majestic eagle rays, playful sea lions, a kaleidoscope of fish, white-tipped reef sharks, and countless other underwater wonders.

Witness the incredible sight of sea turtles navigating their own "highway" through the lava tunnels known as "Los Tuneles," as they journey from the mangroves to the open sea. This extraordinary site offers an unparalleled snorkeling experience, allowing us to swim alongside these magnificent creatures and even encounter the inquisitive Galapagos penguin.

Following our underwater adventure, you'll have the option to further explore the underwater world at "Concha de Perla" or simply unwind on the pristine white-sand beaches of Isabela Island.

**OVERNIGHT:** Isabela Island hotel

MEALS: Breakfast, Lunch

**EXTRAS:** 

# Day 7: Santa Cruz and Acadamy Bay exploration

Today, we'll journey to Santa Cruz for a captivating half-day tour of Academy Bay. Be sure to pack your essentials, and don't worry about snorkel gear – we'll provide it free of charge for those who wish to explore the underwater world.

Our boat will take us to Academy Bay, a vibrant underwater paradise teeming with exotic fish and marine life. Here, you'll have the unique opportunity to swim and snorkel alongside playful sea lions, known for their curiosity and underwater acrobatics. Keep an eye out for the iconic blue-footed boobies as they grace the skies above.

Next, we'll ascend to a nearby viewpoint, where, with a bit of luck, we might spot white-tipped reef sharks patrolling the depths below. Our adventure continues with a scenic walk along Playa de los Perros, a haven for sunbathing sea iguanas. The stark contrast of giant cacti against the deep red rocks and turquoise waters creates a photographer's paradise.

**OVERNIGHT:** Santa Cruz Island hotel

**MEALS:** Breakfast

**EXTRAS**:

# Day 8: Visit the Charles Darwin Research Station

This morning, we visit the Charles Darwin Research Station, a hub of scientific discovery and conservation efforts in the Galapagos Islands. Here, we'll delve deeper into the unique endemic species we've encountered in their natural habitats, learning about their behaviors, adaptations, and ecological significance. We'll gain valuable insights into the challenges facing these vulnerable species and the innovative strategies being implemented to protect them. The station's dedicated researchers and conservationists will share their expertise and passion, offering us a comprehensive understanding of the delicate balance of this extraordinary ecosystem and the ongoing efforts to ensure its preservation for generations to come.

**OVERNIGHT:** Santa Cruz Island hotel

**MEALS:** Breakfast

# **Options**

Our tours are designed to include all that you need to enjoy a really special time in the destination you're visiting. However, we do also offer some extra options to complement the tour and add some additional sightseeing or activities, or some extra time at either end of the tour.

All accommodation based options (e.g. Single supplements, extra nights, cruise upgrades) should be booked and paid for in advance so that we can make the appropriate arrangements. Other options may either be booked and paid for in advance or while you are on the tour, though we recommend booking in advance to ensure there are no issues with availability.

Many options are priced the same throughout the year, but some may incur single or high season supplements - full details are given on the tour reservation form or on request.

### What's Included?

- Comfortable transportation
- Lunch with locals
- "Colaciones" and ice cream taste
- Local guide
- Entrance Fees

### What is not included?

- Tips
- Souvenirs
- Drinks

### 1. Accommodation

We use good quality 5-star hotels on this tour whilst in Quito. On the Galapagos Islands, we use comfortable 3-star propertis. Please see the accommodation tab for details of the hotels most commonly used on this tour (specific hotels are subject to change).

Hotel accommodation is based on twin or double en-suite rooms. All couples will stay in a private double room.

Please check the Single Room Supplement option for details on room sharing options and charges for solo travellers on this tour.

### 2. Transport

Our trips feature a mix of different transport options. We want you to feel like you're really experiencing the country you're travelling through, but at the same time we want you to finish journeys refreshed enough to enjoy the next stage of the tour. On our trips to the Galapagos Islands, we include the cost of a roundtrip flight between Quito and the Galapagos Islands. Whilst travelling between the Islands of the Galapagos, we'll make use of local ferries and speedboats.

Please note that this tour includes a flight between the islands of San Cristobel and Isabela. The included luggage allowance on this flight is 25 lbs. (20 lbs. for check-in baggage and 5 pounds for carry-on baggage equals 25 pounds total). Extra baggage USD 2.00 per extra pound - it can be paid directly to the airline at check-in.

### 3. Airport Transfers

As many of our travellers choose to combine our Galapagos adventures with further travel through Ecuador, we have not included the cost of arrival and departure airport transfers on this tour, though they can be added if required.

### 4. International Flights

We want to give you as much flexibility as possible when it comes to booking your holiday with us. So, to take account of people with varying travel plans, we don't include your international flights in the main tour price. We are however very happy to suggest flights to go with the tour. Please contact us with your preferred dates and departure airport and we'll give you a selection of airlines, times and fares to choose from.

Our Galapagos tours start and finish in Quito and if you are flying in immediately prior to joining this tour, you should fly into Mariscal Sucre Quito International Airport (UIO)

We do also sometimes advertise flight inclusive packages from selected airports. Where these are shown on our website, prices are correct at the time of quoting, but are subject to continued availability of the fare used. Prices will be reconfirmed at the time of booking, and we will also provide the flight times and airline details before tickets are issued.

Flight inclusive prices are based on the cheapest Economy ticket class available which is generally non-refundable and non-changeable unless the flight is cancelled for reasons such as Covid-19, in which case the airlines are more flexible. More flexible ticket options, as well as Premium Economy and Business Class tickets are available on request for an additional supplement. Any changes made to flight inclusive bookings will be subject to the airline rules on your ticket.

### 5. Group Size/Tour Leaders/Guides

We are committed to being a small group operator, as we feel this gives everyone in the group the best chance to get to know their fellow travellers and to hear and make the most of their guide. There's no point in us providing great guides if you've got to peer over 30-40 shoulders to see them! So, we won't ever put you in a 50-seater coach with 49 other people and just one guide. Instead, we set our Galapagos group departures to have a minimum of 2 and maximum of 12 travellers.

At Encounters Travel we aim to only use local guides and reps wherever possible. We feel this gives you the best experience of the country and the sites you are seeing. On our Galapagos tours you'll be accompanied by a local tour leader. Whilst in the Galapagos, you'll also be joined at times by a local naturalist guide.

### 6. Galapagos fees & permits

When visiting the Galapagos Islands, you should be aware of additional fees and permits which are required, please find details below:

### INGALA Transit Card - USD 20 per person (cash only):

In essence, this is simply a fee to obtain authorization to visit the Galápagos Islands.

You pay a small fee of 20 USD in cash at the INGALA booth at the airport in Quito or Guayaquil to receive a "Transit Control Card" (TCC or TCT in Spanish). This card tracks your entry and exit from the islands, helping to protect the delicate ecosystem from unauthorized immigration.

Introduced in 2012, this system is a requirement for all non-resident visitors. If you're taking a cruise, you can often pre-book this card through the cruise line, and a representative will meet you at the airport with it. Remember to keep your Transit Control Card safe throughout your trip, as you'll need to present it upon departure.

### Galapagos National Park Fee - USD 200 per person (cash only):

To visit the Galápagos Islands, all tourists must pay an entrance fee, which varies depending on age and nationality. Most foreign adults pay \$200, while children pay \$100. Visitors from certain South American countries enjoy reduced rates (these are updated rates which came into force on 1st August 2024).

While the fee may seem high, it's crucial to remember that these funds directly support the conservation of the islands' unique biodiversity. The Galápagos National Park, along with other agencies, uses these resources to protect the delicate ecosystems, improve local services, and ensure the sustainability of this natural wonder.

The entrance fee contributes to a wide range of initiatives, from safeguarding marine life to supporting education and healthcare in local communities. By paying this fee, you're not only gaining access to an unforgettable experience but also actively participating in preserving the Galápagos Islands for future generations.

### 7. Tipping

Whilst the amount you tip should ultimately be determined upon your satisfaction of the service you've received whilst on tour, we are often asked for advice on this. For the team involved in operating your tour on the ground (from drivers to guides), we would recommend budgetting approximately 20 USD per person per day for tips, though it is at your discretion if you wish to tip more or less than this.

### 8. Language and Customs

The Galapagos Islands, being a part of Ecuador, have Spanish as their official language. However, due to the significant influx of tourists, English has become widely spoken and understood in the tourism industry. Other languages like German and French might also be spoken by some locals.

The customs of the Galapagos Islands largely mirror those of mainland Ecuador, with a strong emphasis on family and community. The locals are known for their warmth and hospitality towards visitors. One unique custom observed by some crews sailing through the Galapagos is a special tradition when crossing the equator.

Additionally, a local folk dance called the "Galapagos Dance" showcases the unique biodiversity of the islands through rhythmic movements inspired by the behavior of local birds.

### 9. Passports & Visas - Ecuador

### Passports:

Your passport must be valid for at least 6 months AFTER the date your trip finishes. This is a general requirement for all of the countries we travel to on our trips. If you have dual nationality you can only use one passport for the entire trip. It is your responsibility to ensure you have a valid passport.

### Visas:

Many nationalities (including UK, European, Australian, New Zealand, South Africa, USA) can travel to Ecuador visa free for stays of up to 90 days in each 12 month period. Other nationalities should check with their local consulate or embassy.

### Galapagos Islands:

Please refer to the section with our tour notes titled 'Galapagos fees & permits' to ensure you are fully prepared for your time in the Galapagos.

### 10. Time

The time in Ecuador is GMT minus 5 hours (minus 6 hours in the Galapagos islands).

### 11. Voltage

Ecuador uses two types of electrical outlets, known as type A and type B. Type A plugs have two flat parallel prongs, while type B plugs have two flat parallel prongs and a round grounding pin. The standard voltage in Ecuador is 120 volts.

### 12. Money

Ecuador uses the United States dollar (USD) as its official currency. This adoption occurred in 2000 following a period of high inflation and economic instability with their previous currency, the sucre. For many travelers, this is convenient as it eliminates the need for currency exchange and allows for easy budgeting. U.S. dollar bills are used throughout the country, and Ecuador also mints its own centavos coins, which are equivalent to U.S. cents.

ATMs are readily available in most cities, which dispense USD.
