Hotel Gala Dinners

Most of Jordan's higher level hotels and Beoduin camps arrange a very special gala dinner with entertainment in the evening on Christmas Eve and New Year's Eve. Payment for these is often optional on Christmas Eve (24 Dec) but normally compulsory for all guests of the hotel on New Year's Eve (31 Dec), whether you attend or not. Prices can range from around US$50 to over US$150 per person. Final decisions on prices and whether dinners are compulsory are made relatively close to the time. We aim to always select hotels that make their Gala Dinners optional, though this is is not always possible. Gala dinner prices are therefore not included in our prices above, but will be added to your booking if they become required. Please budget accordingly. More information is available on request.

Tour Options

Our tours are designed to include all that you need to enjoy a really special time in the destination you're visiting. However, we do also offer some extra options to complement the tour and add some additional sightseeing or activities, or some extra time at either end of the tour.

All accommodation based options (e.g. Single supplements, extra nights, cruise upgrades) should be booked and paid for in advance so that we can make the appropriate arrangements. Other options may either be booked and paid for in advance or while you are on the tour, though we recommend booking in advance to ensure there are no issues with availability.

Many options are priced the same throughout the year, but some may incur single or high season supplements , full details are given on the tour reservation form or on request.

Min numbers: 1

This option adds an extra day to the end of your tour, staying in the same hotel as the main tour itself (subject to availability). Your airport departure transfer is still included. Prices shown are per person and based on two people sharing.

Note: This option is applicable to those who have booked the standard level of accommodation. If you have booked the superior accommodation package, please select the superior extra night option.
Note: Single room and peak season supplements apply.

This option adds an extra day to the start of your tour, staying in the same hotel as the main tour itself (subject to availability). Your airport arrival transfer is still included. Prices shown are per person and based on two people sharing.

Note: This option is applicable to those who have booked the standard level of accommodation. If you have booked the superior accommodation package, please select the superior extra night option.
Note: Single room and peak season supplements apply.

Child discount (under 12, with own bed)

Min numbers: 1

This discount can be applied to any children in your family who are aged under 12 on the date of travel and who will have their own bed and bedding. This may be an extra bed, mattress or rollaway/camp bed in their parents' room (normally only possible for 1 child) or in a separate room.

Where two or more rooms are required for your family we will always request connecting rooms, or adjacent rooms if connecting rooms are not possible. As many hotels have a very limited number of connecting rooms you should

be prepared to consider how you may split your family across two or three rooms if necessary. Please contact us if you have any questions about rooming arrangements for your family.

Camel Ride in Wadi Rum

Min numbers: 1

This option adds on a fun sunset or sunrise camel ride through the Wadi Rum desert.

Wadi Mujib Day Trip - Siq Trail

Min numbers: 1

Escape the hustle and bustle of Amman for a real adventure, exploring the canyons of Wadi Mujib, following the famous Siq Trail.
Leaving Amman, we'll drive around 90 minutes to the shores of the Dead Sea where our journey along the Siq Trail begins from the Wadi Mujib visitors centre. Descending down into the gorge we enter the Wadi Mujib Nature Reserve where between months of April and October it's possible to take an exciting hike through the shallow waters that fill the gorge. Along the way you'll climb up small waterfalls where steps have being installed to make it easier, until eventually you'll reach the end of the gorge where you can relax beneath a large waterfall. The entire hike generally takes 2 to 3 hours roundtrip.

We highly recommend bringing along a dry-bag (so your camera or mobile phone don't get wet) and water shoes. It is possible to hire a dry bag at the visitors centre for around US$7.00 and purchase water shoes for US$7.00).

Note: On most tours it's necessary to add an extra night pre or post-tour to have enough time to take this tour. If you have a late departure on your final day however, it may be possible to visit Wadi Mujib on your departure day.

Petra by night (local payment)

Min numbers: 1

This magical experience takes you in through the narrow and winding Siq to the Treasury at the entrance to Petra. The whole route and the sand in front of the Treasury is lit up by numerous candles creating a beautiful and atmospheric sight. While at the Treasury you'll also enjoy some traditional Bedouin music and tea.

Pricing includes your entrance ticket and any transfers required to and from your hotel. Please bring a flashlight/torch with you for this trip as the path through the Siq is rough underfoot in places and while there are candles all the way, a torch provides extra assurance against mis-stepping.

Please Note: This is a local payment option, payment will be collected by your tour guide whilst in Jordan.

Petra Kitchen - Cooking Class

Min numbers: 1

Enhance your Petra experience with a delightful evening immersed in Jordanian culture and cuisine at the renowned Petra Kitchen. This popular optional activity offers a fantastic opportunity to participate in a hands-on

cookery class, working alongside local chefs and women to prepare a range of traditional Jordanian dishes. You'll learn about local ingredients, master authentic techniques, and discover the secrets behind delicious regional specialities, typically culminating in enjoying the multi-course feast you've helped create together. It's a fun, interactive, and social way to spend an evening after exploring the wonders of Petra.

Please note that spaces for the Petra Kitchen Cookery Class are limited and it is exceptionally popular. Therefore, pre-booking is essential to guarantee your participation, and we strongly recommend securing your spot well in advance to avoid disappointment due to high demand.

Wadi Rum Astronomy Experience

Min numbers: 1

Venture into the heart of Wadi Rum's captivating desert landscape after nightfall and witness a celestial display like no other. Far from city lights, the vast, clear skies above this ancient valley reveal a breathtaking panorama of stars.

Join our optional astronomy tour and embark on a journey through the cosmos. Our expert guides will illuminate the constellations, planets, and deep-sky objects visible to the naked eye, sharing fascinating insights into their mythology and scientific significance.

Experience the profound silence and tranquillity of the desert night as you gaze upon the Milky Way's shimmering expanse. With the aid of powerful telescopes, you'll delve deeper into the universe, observing distant galaxies and nebulae with remarkable clarity. This is an unforgettable opportunity to connect with the cosmos and appreciate the sheer scale and beauty of the night sky in one of the world's most spectacular natural settings.

Wadi Rum Hot Air Balloon Flight

Min numbers: 1

Enhance your Wadi Rum visit with an optional hot air balloon flight. Experience a sunrise view of the 'Valley of the Moon' from above. Observe the desert landscape as the sun rises, providing unique photographic opportunities. Flights are early morning, conducted by professional pilots, and subject to weather conditions. Bookings are confirmed the evening before. A full refund is provided if the flight is cancelled due to adverse weather conditions.

Wadi Rum Quad Bikes

Min numbers: 1

Unleash your adventurous spirit and explore the magnificent desert landscapes of Wadi Rum on an exhilarating quad biking excursion. This optional activity puts you in control of your own All-Terrain Vehicle (ATV), allowing you to navigate the sandy plains and weave between the iconic towering rock formations under the guidance of local experts. 1 Feel the thrill as you power through the stunning scenery of the 'Valley of the Moon', accessing unique viewpoints and experiencing the vastness of the desert in a truly dynamic way. It's a perfect add-on for those seeking an adrenaline rush and a different perspective on Wadi Rum's breathtaking beauty.

Important Notes

1 Accommodation

We use good quality hotels at the local 3 to 4-star rating on this tour, with the Petra hotel are more boutique style which can be considered to be a good 3 to 4-star level. A night is also spent in a comfortable Bedouin camp inside the Wadi Rum desert reserve. Accommodation here is in en-suite tents with all bedding and facilities provided.

The tour can also be run privately and the hotel levels, styles and options adjusted to suit your preferences and budget. Please visit the accommodation tab of this tour for examples of the hotels normally used on the tour. If you have any specific accommodation requests please let us know and we'll be happy to provide you with a customised quotation.

Twin, double and triple rooms are available, as well as family suites, and extra beds / matresses can be added to some rooms for younger children. Connecting rooms are available in some hotels, but these can rarely be 100% guaranteed in advance as there are often only a few and availability will be subject to bookings starting on previous days. Please contact us if you have any questions about rooming arrangements for your family.

2 Group Size / Tour Leaders / Guides

We are committed to being a small group operator, as we feel this gives both the adults and children in the group the best chance to get to know their fellow travellers, and to hear and make the most of their guide. So, on our Family tours we won't ever put you in a full size coach packed with other people and just one guide. Having a smaller group size also allows us to do some more interesting activities that just wouldn't work for larger numbers.

This tour has a minimum group size of 3, and maximum of 16.

To accompany you on the tour we provide a fully trained English speaking local tour leader/driver and specialist guides in Jerash, Amman and Petra. Groups of 5 or more will have both a driver and a professional guide throughout the trip.

At Encounters Travel we only use local Jordanian guides and reps. We feel this gives you the best experience of the country and the sites you are seeing.

3 Dates & Prices

We run regular small-group departures on this tour throughout the year. These are aimed to fit in with typical school holiday periods. All departures are guaranteed to run with a minimum of 3 travellers and maximum of 16. Departure dates and prices are listed on our website (please check for up-to-date prices and special offers).

The tour can also be run privately on any other dates for a small supplement, with the itinerary then being customisable to fit your personal requirements and budget. If more than one family would like to travel together on a private date then we can normally offer the standard group tour pricing. Please contact us for details.

4 Transport

Our trips feature a mix of different transport options. We want you to feel like you're really experiencing the country you're travelling through, but at the same time we want you to finish journeys refreshed enough to enjoy the next stage of the tour. The small distances involved in Jordan mean that we use private vehicles throughout this tour. These will be minivans, minibuses or coaches, depending on the number of travellers in the group.

The jeeps used in Wadi Rum are provided by the local Bedouins we work with, and while suitable for your desert safari, they may fall below the normal safety and quality standards for vehicles we use during the rest of our tours.

---

5 Transfers

Your airport transfers are included on the first and last day of the set tour itinerary, plus on any additional days if you book your hotel room with us. If you make your own arrangements for additional accommodation at either the beginning or the end of the tour then you will need to arrange your own airport transfers on these days. We will provide detailed instructions of where to meet us in the airport, along with international and local emergency contact numbers, when we send you your final tour confirmation voucher about 2 weeks before departure.

On some of our group tours we do offer an optional upgrade to a higher level of hotels. If some people in the group take this upgrade, this will mean that there may be two pick-ups and drop-offs each day. We do endeavour to ensure that all hotels used are close to each other and to streamline and time arrangements to limit any extra driving time as much as possible.

---

6 International Flights

We want to give you as much flexibility as possible when it comes to booking your holiday with us. So, to take account of people with varying travel plans, we don’t include your international flights in the main tour price. We are however very happy to suggest flights to go with the tour. Please contact us with your preferred dates and departure airport and we’ll give you a selection of airlines, times and fares to choose from.

Your airport arrival & departure transfers are included on the first and last days of the tour.

Nearly all our Jordan tours start and finish at Amman airport (AMM). Private and tailor-made tours may also start or finish in Aqaba (AQJ).

We do also sometimes advertise flight inclusive packages from selected airports. Where these are shown on our website, prices are correct at the time of quoting, but are subject to continued availability of the fare used. Prices will be reconfirmed at the time of booking, and we will also provide the flight times and airline details before tickets are issued.

Flight inclusive prices are based on the cheapest Economy ticket class available which is generally non-refundable and non-changeable unless the flight is cancelled for reasons such as Covid-19, in which case the airlines are more flexible. More flexible ticket options, as well as Premium Economy and Business Class tickets are available on request for an additional supplement. Any changes made to flight inclusive bookings will be subject to the airline rules on your ticket.

Flight CO2 Emissions:

Traveling by air is an amazing way to explore the world, but flights also contribute to carbon dioxide (CO_2) emissions that impact the environment. By considering the airline's CO_2 emissions when you choose your flight, you can help minimize your travel footprint.

When selecting your international flights and airline, we do therefore recommend that you try and also take into account the flight CO_2 emissions. Some airlines and flight search websites (eg. Google Flights, Skyscanner) do publish this information, so you can compare between your flight options and make an informed decision. Thankfully, many airlines are working towards sustainability efforts, and choosing a greener option allows you to contribute to positive change while still enjoying your incredible adventure.

---

7 Tipping

Tipping for services provided is part of the local culture in Jordan, is often expected, and will be very gratefully received. While the amount you tip is subject to your satisfaction with the services provided and your personal budget, we are often asked for help and guidelines and can therefore suggest that you allow approx.:

Tour guides: US$8-10 per person per day
Drivers: US$3-5 per person per day
Restaurants: 10% or leave the change
Petra horse boys: US$2-5 (we recommend against riding the horses for animal welfare and safety concerns, but the boys may still expect a tip)

8 What to take

Luggage: Suitcases, rucksacks or fabric holdalls are all fine to bring with you to Jordan. You should also bring a small daypack/bag to take out during the day. Your main luggage will normally be left in the hotel during your sightseeing trips - you will not need to carry it far, and there are nearly always hotel porters to assist.

Luggage limits: There is no luggage limit for this tour. However, most airlines restrict you to between 20kg and 25kg for your hold luggage and between 5kg and 10kg for hand luggage. Please check with your airline before travelling to the airport.

Clothing: The climate in Jordan varies widely from hot days in the summer to cool and sometimes wet days in the winter months. At night, especially in the deserts, the temperatures can drop quite dramatically. So you must pack for cool conditions. Formal dress (eg. suits & ties) is not required. Modesty rates highly in Jordan, especially for women, so to respect the local culture and people, please ensure all clothes are loose fitting and not revealing. Shorts (not hot-pants) are OK in tourist sites, as are T-shirts, but these should not show too much bare flesh (we suggest that your shoulders should remain covered). When visiting any mosques, legs and arms should be covered.

Other items: If your tour includes an overnight Bedouin camp then bedding is provided but we recommend bringing a light sleeping sheet or sleeping bag liner for comfort all year round (even with the best efforts, sand does find its way pretty much everywhere). In the winter months, or if you think you would like to sleep under the stars instead of in your tent, then we recommend you bring a sleeping bag with you as it can get very cold at night. We also recommend you bring a sun hat, sunscreen, sunglasses, a basic first aid kit, toiletries, money belt, small torch, camera & charger.

Jordan Active Tours: If you are travelling on one of our Jordanian Hiking tour, such as our Petra & Bedouin Trail then we recommend the following items are included on your packing list specifically:

- Comfortable **hiking shoes** (broken in)
- Lightweight **hiking clothes** (breathable, moisture-wicking)
- **Warm layers** for chilly evenings in the desert
- **Inflatable Pillow** for use whilst camping
- **Refillable water bottle** (hydration is key! and we'll provide water from a refillable water station)
- **Sun protection** (hat, sunglasses, sunscreen)
- Small **backpack** for essentials
- **Headlamp/flashlight** for nighttime
- Personal **medication and first aid items**

9 Entrance fees & Jordan Pass

The price of the majority of our Jordan tours does not include entrance fees to the sites visited on the tour (this excludes our Petra and Bedouin Trail Tour where entrance fees are included in the tour price and the Jordan Pass is not recommended):

We strongly recommend that you purchase a **Jordan Pass** prior to your travel to Jordan. This is a special package that has been designed by the Jordanian Ministry of Tourism and Antiquities for tourists visiting Jordan. As well as including a discounted package of entrance fees covering all the sites in Jordan that you will visit on this tour (plus many others), the Jordan Pass also provides free downloadable digital brochures on each attraction, plus a free tourist visa for entering the country (40JD if obtained on arrival in Jordan). It also allows us to speed up our entry to each site as if everyone has the Jordan Pass we won't need to queue for tickets.

A handful of sites that we visit on our tours are not covered by the Jordan Pass (eg. Mt. Nebo, St. George's Church at Madaba, and the Shawmuri & Azraq Reserves), so to keep things simple for you while you are in Jordan, where these are visited in our itineraries, the entry fees are included in your tour price. If you visit any other sites not covered by the Jordan Pass during your free time or on additional tours you arrange while in Jordan, you will need to pay the entrance fee at the site.

The cost for the **Jordan Wanderer Pass** which is suitable for all our tours which visit Petra on one day is JD70 (approx. US$99). You should also check if your tour visits the Baptism Site at Bethany and if it does, add on the supplement for this site (an extra JD8, discounted from the JD12 payable at the site). Passes are available by completing a simple online form before you travel, taking care to make sure your passport details are entered correctly as this doubles as your visa application. Your Jordan Pass will then be emailed to you as a pdf document, which you should print out and bring with you. You will then need to show this print out at the immigration desk on arrival in Jordan to obtain your free entry visa, and also at each attraction where it will be scanned to confirm your entry. Obtain your Jordan Pass here

If you do not obtain the Jordan Pass before arriving in Jordan, you will need to pay the entry fees when you arrive at each site and also pay JD40 for your Jordan visa when you enter the country (or arrange your visa in advance).

12 Responsible Tourism

It is impossible not to have an impact on the local environment, cultures and eco-systems when you travel. However, it is very possible to try and ensure that these impacts are as limited, or positive as possible. We are committed to ensuring that we try to leave our host countries in a better state than we found them and encourage and assist our travellers to help us with this.
The following are a few simple tips that require very little effort on your part but which will help ensure that any effect you have on the locations you visit is positive rather than negative.

- Don't prejudge: Things in different countries will almost certainly be different. That doesn't make them worse or inferior, just different.
- Communicate: Don't expect locals to speak your language. Take the trouble to learn a few words or phrases of the local language. Don't worry about sounding silly. Most locals are patient and accommodating and appreciate you making the effort to communicate in their language.
- Conserve energy: Be careful not to waste valuable resources. Use local resources sparingly. Switch off lights, air-conditioning and fans when you leave the hotel room and don't waste water. Remove superfluous packaging. Many countries have far less efficient waste disposal systems than ours. Remove packaging from newly acquired items before leaving home.
- Don't litter: No matter how untidy or dirty the country you're travelling in may look to you, avoid littering, as there is no need to add to the environment's stress. Many of the countries we visit have a tough challenge dealing with rubbish and waste. Please consider taking home as much plastic waste as you can (e.g. water

bottles).

- Choose environmentally friendly products: By using environmentally friendly (bio degradable) sun creams, shampoos and detergents you can help reduce pollution.
- Respect local customs and traditions: As you are a guest in these countries, you should also comply with the local customs. If you are friendly and well mannered, the locals will reciprocate and it will only enhance your experience. It's important to follow dress and behaviour guidelines especially when visiting religious or sacred sites (your tour leader will advise you how best to do this).
- If a client commits an illegal act the client may be excluded from the tour and Encounters Travel shall cease to have responsibility to/for them. No refund will be given for any unused services.

All porters are employed and equipped following guidelines set by the International Porter Protection Group (IPPG).

14 Travel Insurance

Travel insurance is compulsory on all of our tours and needs to cover personal accident & liability, medical expenses and repatriation, travel delay & abandonment. We also strongly recommend that you take out cover against cancellation and lost/stolen baggage. Personal medical insurance does not normally provide sufficient cover and is generally not suitable for travel on our tours. You will not be able to join your tour if you have not provided us with details of your insurance or if you arrive without cover in place (no refunds will be due in this event).

Considering travel insurance for your trip? World Nomads Travel Insurance offers coverage for more than 150 adventure activities as well as emergency medical, lost luggage, trip cancellation and more.

If your tour includes car hire, or if you plan to arrange a hot air balloon flight locally or do some scuba diving during your tour, you should check the small print in your policy to make sure these are covered (these are covered in our policy). Please also check the maximum altitude that you will be reaching and that full cover including emergency evacuation is provided up to this altitude.

If you are taking expensive camera gear or other electronic equipment with you then please check the coverage and the fine print of your policy to ensure that you have sufficient cover.

IMPORTANT: We must have your travel insurance details (policy number and type of insurance) before you depart or you may not be allowed to join the tour. If you haven't told us already, please let us know the details when you can. You should take a paper copy of your insurance policy with you as you may be asked to show this at the start of the tour.

Covid-19

Before purchasing any travel insurance, please check the coverage provided for situations related to Covid-19, and for the rules about government travel advice. Your normal policy may not be suitable.

15 Before you travel

It is important when considering and preparing to travel anywhere in the world that you have a good understanding of the country you are visiting, its laws and customs, and the possible risks and situations that may occur. This includes specific risks related to your itinerary (eg. does it involve water & can you swim, are you fit enough for the activities included), as well as more general risks such as terrorism and natural disasters.

General details and links to more information about health risks, visa requirements, money, and travel insurance are given in these tour notes. We recommend that you re-read all these before your departure as well as the small print of your travel insurance policy so you know exactly what is covered and what is not.

You should take copies of your important travel documents with you and ideally also store them online securely as a backup. Make sure that you have given us your emergency contact details and told that person where and when you are travelling. Ensure you take enough money with you and that you have access to emergency funds.

Finally, you should read through and stay updated with the current official government travel advice for your destination. We are registered partners with the UK Foreign Office's 'Travel Aware' campaign which provides further useful and invaluable information.

16 Reduce Plastic Waste with Water-to-Go Filter bottles

Traveling responsibly means minimizing plastic waste, but staying hydrated on the go is essential. At Encounters Travel we are committed to reducing single-use plastics, which is why we've partnered with Water-to-Go. Their portable filtration system removes over 99.9% of contaminants from any non-saltwater source, turning even questionable water sources into safe drinking water.

Given that tap water is un-safe to drink in many of the countries in which we operate, we recommend purchasing a Water-to-Go bottle prior to departure. This will help you avoid the use of single use plastic bottles and keep you hydrated on the go.

Save big! Get a huge 25% off your Water-to-Go bottle and other Water-to-Go products (such as filters, lids, and carriers). Use code **ENCOUNTERS25** at checkout (valid in the UK, USA and Canada).

How Water-to-Go Technology works:

- Their reusable, BPA free water bottles contain their own unique 3-in-1 filtration technology effectively providing clean safe drinking water from any non-salt water source around the world.

- Three different (1 traditional and 2 nano) technologies are combined in one filter cartridge to remove up to 99.9999% of microbiological contaminants in water.

The three technologies used in a Water-to-Go filter are:

- Mechanical filtration – A tiny pore size, so small contaminants can't fit through.
- Electrical – A positive charge reduces the pore size even further and attracts contaminants like a magnet, trapping them inside the filter.
- Activated Carbon – Unlike most carbon based filters, instead of using adhesives to glue the carbon particles together, (which vastly reduces the carbon's efficiency) it is contained within the membrane, helping to reduce contaminants whilst eliminating bad tastes and odours. Try filtering water from your tap at home and taste the difference!

Water-to-Go filter bottles deliver safe, healthy water worldwide

- Water-to-Go filters remove bacteria, viruses, waterborne disease, protozoa, heavy metals such as lead as well as harmful chemicals.
- Their filters remove Chlorine and Fluoride from tap water.
- The filter will eliminate harmful contaminants from the water but allow beneficial minerals such as sodium and magnesium to pass through leaving you with the healthiest water possible.
- Water-to-Go filters have been independently tested against internationally recognised standards by industry specialists including The London School of Hygiene & Tropical Medicine (UK), BCS Laboratories (USA), Bangalore Test House (India) and IMI (China).

Use Water-to-Go products and you'll be healthier, wealthier and helping to make the world a better place!

- Depending on filter size, each Water-to-Go filter is able to replace 260 or 400 single-use plastic water bottles!
- They ensure you have access to safe water anywhere in the world without ever having to buy environmentally damaging bottled water.
- Their water bottles deliver safe, clean drinking water at just 5p per litre.
- The filter membrane is biodegradable and the shrouds are recyclable.
- The water bottles are used and approved by everyone from backpackers to commuters, gym users to expecting mums. Perfect for everyday, outdoor and travel.

17 Private & Tailor-made Tours

While our group departures offer a fantastic way to explore with like-minded travellers, we understand that some guests prefer a more exclusive experience. Most of our group tours can be booked on a private basis, allowing you to enjoy the same expert-led routes with your own dedicated party. The primary advantage of choosing a private arrangement is the flexibility it provides; we can easily customise the itinerary to include your preferred style of accommodation or adjust the pace to suit your needs. Private tours can be run on the same start days as our group tours, or on other dates. However, some activities within our trips are restricted to particular days of the week - we

will advise you on anything like this that we need to work around. Pricing will be based on the number of travellers in your party, and any customisations you may like to make.

For those seeking something truly unique, our specialist sales team is available to collaborate with you on a completely tailor-made tour, designed from the ground up to match your specific interests, accommodation level and requirements.

18 Passports and Visas - Jordan

Passports should be valid for at least six months after your departure from the country. Please do not bring an almost full or almost expired passport. Visa arrangements are the responsibility of the traveller, and requirements are subject to change by the local authorities.

To promote tourism to the country, the Jordanian government has designed the **Jordan Pass**. This provides adults of most nationalities with a free single entry Jordan visa (for stays of 3 nights or more), a discounted package of entrance fees, and free digital brochures for the various sites in Jordan. Please check the Jordan Pass tour note for more information.

Please note that whilst the Jordan Pass is recommended for the vast majority of our Jordan Tours where entrance fees are not included, this is not recommended for our Petra & the Bedouin Trail tour as entrance fees to Petra and Wadi Rum are already included in the cost of this tour.

Double or multi entry visas for Jordan are no longer available and you will need to arrange two visas if you are doing a combination tour (eg. with Egypt and/or Israel) that visits Jordan more than once. Exceptions may occur if you are crossing to and from Israel via the King Hussein Bridge - please contact us for details.

If you wish to arrange your visa separately in advance, or if your stay will be shorter than four days/3 nights, then a visa fee of 40JD (approx. USD 57) will be due.

Families with children under 12 are recommended not to purchase the Jordan Pass for the children as entrance fees are not charged in Jordan for children under 12. Instead, the adults should purchase a Jordan Pass and we will arrange a free visa for the children which you will receive when we meet you on arrival into Amman airport.

Other nationalities may require a visa prior to arrival and to obtain this in advance, please contact your local Jordanian embassy or consulate or a visa agency for details. In addition, if you plan to enter Jordan via the southern Wadi Araba crossing (Eilat-Aqaba) or the Allenby Bridge/King Hussein border with Israel in the north, you will need to obtain your Jordan visa in advance as these are not available on arrival at the border.

19 Money - Jordan

The local currency in Jordan is the Jordanian Dinar (JD). You do not need to arrange to bring any Jordanian Dinar with you to Jordan as exchange facilities are available in the international airports and in most hotels, banks and bureau de changes in major towns. You should try to obtain and keep hold of small denomination notes or coins on you during the tour as these are useful for toilets, tips and small purchases. ATMs are readily available in major towns and many local shops will accept VISA/Mastercard or Amex, but may charge fees of up to 10% - check before

you pay. Travellers cheques are not recommended as they can not be changed in many places now, and can incur high fees.

While in Jordan you will need sufficient funds to cover meals not included in the itinerary, drinks, snacks, souvenirs and personal expenses such as laundry. These should generally all be paid for in Jordanian Dinar, though tips for guides and drivers may be paid in hard currency (GBP, USD, EUR).

It is difficult to recommend a level of personal spending money which will suit everyone as this can differ greatly, but as a guideline, we would suggest allowing USD 15-25 per person per day as a minimum. Allow more if you plan on doing lots of shopping, or buying many alcoholic drinks.

20 Voltage

Sockets are two round pronged and 220 volts (Type C). Universal adaptors are available in most airport shops if you don't have one already. Standard European adapters will work fine, though sometimes they may feel a little loose in the sockets. All hotel rooms have electrical sockets where you can re-charge cameras, phones etc. Hair dryers are normally available on request from the hotel reception if not in your room already.
If you have US appliances (110 volts) you will need a voltage converter as well as a plug adapter.

21 Time

The time in Egypt, Jordan, Israel and Lebanon is GMT plus 2 hours and in UAE GMT plus 3 hours. Daylight saving adjustments have historically been applied in some years but not others. At present it appears that there will be no daylight saving changes in Egypt 2016 and beyond, though this may change at short notice (with a resulting impact on flight times and schedules). In Jordan and Israel, daylight saving of one hour is generally applied between the end of March and the end of October, making it GMT plus 3 hours. Exact dates vary from year to year and sometimes the changes may be scrapped altogether.

22 Health and Vaccinations

You should ensure you are fully insured for medical emergencies including emergency evacuation and repatriation.

Recommended vaccinations and other health protection measures vary according to the country you are visiting and where you are travelling from. We recommend you contact your GP/medical practitioner or a travel clinic for current information on vaccinations needed for your destination. You should ensure that you are up to date with vaccines and boosters recommended for your normal life at home, including for example, vaccines required for occupational risk of exposure, lifestyle risks and underlying medical conditions.
In addition, additional courses or boosters normally recommended for the countries in this region are:

Egypt: Tetanus, Typhoid, Hepatitis A

Jordan: Tetanus, Hepatitis A

Israel: Hepatitis A, Poliomyelitis

Lebanon: Dipheria, Hepatitis A

Malaria is not generally present unless it has been contracted abroad; you do not need to take malaria prophylactics.

More information is available here: Egypt, Jordan, Israel, Lebanon

Note: We are aware of some places in Egypt using 'black henna' instead of pure brown henna. Black henna contains a chemical dye PPD (paraphenylenediamine) which can result in severe allergic reactions and resultant scarring. To be safe we recommend avoiding any henna tattoos while in Egypt unless you are certain they are using pure brown henna.
