# Itinerary

## Day 1: Your Indian adventure starts in Delhi, hotel transfer included

When you arrive in Delhi - one of our staff will meet you and transfer you to your hotel. Once you've settled in, we'll run through the itinerary for the next few days and arrange a time to collect you tomorrow.

**OVERNIGHT:** Delhi hotel

**MEALS:** None

**EXTRAS:** Single room supplement (INSGRE) Extra day in Delhi - pre-tour

## Day 2: Exploring Delhi, Rickshaw Ride & Street Food Tasting

We start with a morning tour of India's capital, New Delhi. Nestled on the banks of the Yamuna River, New Delhi is a city where ancient and modern seamlessly blend together. We'll visit the India Gate - a 42-metre high archway, built in remembrance of the 82,000 soldiers who participated in the undivided Indian Army.

New Delhi is India's political hub as well, and we'll drive past many government buildings such as the President's Palace and the Parliament of India. We'll also pass Humayun's Tomb, the first garden-tomb on the Indian subcontinent and a UNESCO World Heritage Site as well as the Bangla Sahab Gurudwara Sikh Temple.

We'll then hop onto a metro train with the locals at Connaught Place Station - as we make our way to Old Delhi. Here, we'll explore one of its oldest and busiest markets - the Chandni Chowk, before exploring the Chawri Bazar, famous for its brass, copper and paper creations.

We'll also be introduced to Old Delhi's unique street foods and delicacies, giving us a first taste of authentic Indian cuisine. Once our taste buds are sufficiently satisfied, we'll take a rickshaw ride to the Jama Masjid Mosque, one of the largest in India.

## Day 3: Head to Agra. Sheroes Hangout, Mughal Heritage Walk. First glimpse of the Taj Mahal

We head to Agra this morning, home of the famous Taj Mahal. After arriving in Agra we'll make a stop for lunch at the Sheroes Hangout Cafe. The cafe was set up by the Chhanv Foundation and is run by victims of acid attacks. The cafe works to raise awareness of acid attacks in India and to empower those who have sadly been the victims of these heinous crimes. Prior to gaining employment in the cafe, many of the 'Sheroes' led solitary lives, rarely going outside due to shame associated with their scars. At Encounters Travel we're proud to support such an organisation, which has the sole aim of helping these women find acceptance, a supportive community and a means of income. Lunch will be included whilst at the cafe.

Once you've checked in into your hotel, we'll spend the afternoon on a Mughal Heritage Walk through the ancient village of Kachhpura and surrounding farmland on the banks of the Yamuna River across from the Taj Mahal and Red Fort. This walk has been designed by a local NGO and helps support the local community through employment and new infrastructure. During the walk one of the villagers will give a guide to their village life, the layout of their homes, with living, cooking & religious areas, the farming done, and the local cottage industry for leather shoe making which helps Agra export shoes all over the world. You'll also see some lesser known but important Mughal era monuments. Finally today we'll stroll around the park at Mehtab Bagh - originally built by Emperor Babur as the last in a series of 11 parks on the Yamuna River's east bank, before taking in the magnificent sight of the Taj Mahal at sunset.

A special evening option is available today, where you can join a Hindu family for a Vegetarian Thali cooking lesson and meal.

## **Day 4: Taj Mahal sunrise. Drive to Suroth Mahal, Village Walking tour**

We start today early for our tour of the Taj Mahal. Truly one of the wonders of the world this elaborate monument to love was built by the Mughal Emperor Shah Jahan and took over twenty-two years to complete. Sunrise is a great time to visit as the light changes gradually with the colours of the Taj changing too.

After breakfast we leave the region's popular tourist areas and head into the heart of rural Rajasthan to the small town of Suroth. The property was a former palace, now welcoming guests as a hotel, but retaining its heritage charm, with rooms painted with murals.

The afternoon sees us exploring the village, interacting with the local villagers, getting invaluable insight into seeing their way of life. Our walking tour will pass by local shops, down narrow streets, we'll visit a small temple and perhaps even visit a local barber shop where you can have a shave or head massage. In the evening we'll have a cooking demonstration before enjoying dinner at the hotels restaurant.

**OVERNIGHT:** Suroth Mahal heritage hotel

**MEALS:** Breakfast,Dinner

## **Day 5: To Jaipur via the Abhaneri step well. Optional Bollywood Movie or Cooking Demo**

Today we head to Jaipur, the capital and the largest city of the Indian state of Rajasthan in Western India. Enroute, we'll visit the Abhaneri step well, the largest and deepest step well in the world, which boasts 3500 steps and is 13 stories deep. You may recognise this as the place that Sonny tried to express his feelings for Sunaina in the recent movie The Best Exotic Marigold Hotel.

The remainder of the day in Jaipur will be free to explore at leisure or join one of our optional extras:

- A fun option this evening is to head out and watch a Bollywood movie at the Raj Mandir cinema.
- Another good choice for this evening is to visit a local family in their home for a cooking demonstration and dinner together.

## Day 6: Amber Fort & Jaipur City. Block printing workshop

You have an option of going on an early morning hot air balloon ride over Jaipur, flying over its palaces, forts and lakes - a truly mesmerising experience.

If you chose to sleep a little later, your morning starts with a visit to the Amber Fort, the jewel in Jaipur's crown - an ancient fortress built on a hilltop in the 16th century dedicated to the ruling Kachhawa clan of Amber. Be mesmerised by this majestic architectural wonder, with its pink sandstone and marble palace shining in the sun. It's massive fortress walls sprawls across the hills, with many seeing a resemblance of the Great Wall of China.

Later, we return to the city for a tour of Jaipur, as we visit the strange Jantar Mantar monument, a collection of nineteen architectural astronomical instruments, built by the Rajput king Sawai Jai Singh II between 1724 and 1730. Jaipur was the first planned city of medieval India and we'll also explore its City Palace. Built by Raja Man Singh during 1729-1732 AD, the City Palace was once the seat of kings as it was from here that they ruled the region. This tangle of courtyards, manicured gardens and exceptionally crafted mahals is one of the most revered attractions in India.

We spend the remainder of the day walking in the walled city to discover some of Jaipur's famous crafts markets and craftsmen in action such as jewellers, silversmiths, textile workshops and bangle makers. Our tour will include a blockprinting workshop, where we learn the ways in which fabric is decorated using this ancient method and we'll also have a gemstone demonstration.

## Day 7: Ranthambore - Home of the Bengal Tiger. Afternoon Game Drive

We leave Jaipur today and head to Ranthambore National Park, which is named after Ranthambore fortress, located within its boundaries. If you're looking to see tigers in the wild, this is the place to be. In 1973, the park was established as a sanctuary for the tigers and to help decrease the fatal interactions that were increasing between humans and tigers.

We'll have our first chance to see Tigers this afternoon as we join a shared canter for game drive through the park.

**OVERNIGHT:** Ranthambore Heritage hotel

**MEALS:** Breakfast, Dinner

**EXTRAS:**

## Day 8: Morning Game Drive in search of tigers

We'll head back out on an early morning game drive, giving you the best opportunity to see India's tigers in their natural habitat, but keep your eyes peeled for other wildlife such as leopards, sloth bears, black bucks, flying

foxes, Indian porcupines, striped hyenas, jackals, jungle cats, wild boar, civets, desert cats, macaques, mole rats, and many more species.

We'll be transported through the jungle in an open-backed truck (shared canter), which allows us to travel deep into the park, as we search for India's unique wildlife. We'll also visit the ruined fort located within the boundaries of the park, which is beautifully elevated on a natural hummock, which towers at just over 200 metres high. The ancient ruined fort is also a UNESCO World Heritage Site.

In the afternoon you'll have some free time to relax or you could consider booking additional private jeep or shared game drives within the park.

## Day 9: Exploring the holy town of Pushkar

Today, we'll go on a morning drive to the town of Pushkar, located on the edge of the Thar Desert. Pushkar is one of India's oldest cities and also one of the Hindu religion's 5 most sacred dhams (pilgrimage sites). It is set around Pushkar Lake, whose waters are considered holy and are surrounded by 52 stone staircases which pilgrims use to bathe.

We'll arrive just in time for lunch, and once you've checked into your accommodation, we'll explore Pushkar Lake and its temples - including a 14th-century Jagatpita Brahma Mandir, dedicated to the god of creation and its surroundings. If time, there's also the option to take a sunset walk up to the Savitri Temple nestled in the Ratnagiri Hills which offers sweeping lake and valley views. There's also a cable car available to reach the temple.

Pushkar is also famous for its huge camel fair which takes place in October or November every year.

**OVERNIGHT:** Pushkar Heritage hotel

**MEALS:** Breakfast

## Day 10: Travel from Pushkar to Jodhpur

We'll continue on our journey, with the destination being Jodhpur, the second largest city in Rajasthan.

Jodhpur, the "Blue City" of Rajasthan, is a mesmerizing destination where the mighty Mehrangarh Fort stands sentinel over a sea of houses painted in vivid shades of blue. This historic city boasts a rich tapestry of culture, with winding streets leading to bustling bazaars filled with handcrafted treasures like textiles, leather goods, and intricate jewelry. Jodhpur offers a captivating blend of ancient forts, grand palaces, and the timeless allure of the Thar Desert, making it a true Rajasthani gem.

**OVERNIGHT:** Jodhpur Heritage hotel

**MEALS:** Breakfast

**EXTRAS:**

## Day 11: A walking tour of Jodhpur

Our morning starts with a visit to Mehrangarh Fort - one of the largest forts in India, standing on a perpendicular cliff, 410 metres above the city of Jodhpur. We'll also visit Jaswant Thada, a milky-white marble cenotaph built by Maharaja Sardar Singh of Jodhpur State in 1899 in memory of his father, Maharaja Jaswant Singh II.

We'll walk through the city, stopping to view the impressive Lord Krishna Temple - a marvel of rich architectural skill and craftsmanship, meeting with the priest and his family, before visiting Ram Rasoda, a community kitchen that has been in use for centuries.

We'll also visit the ancient temple of Jetha Bera, the deep step well of Toor ji ka Jhalra, said to be as old as the sixth century. It's an ancient well that often takes the shape of an inverted pyramid. For decades, the well sat filled with stagnant water, until the pool was recently purified and the steps were sandblasted.

Our walk takes us through narrow winding streets, between the city's famous blue-painted buildings to the grain, produce, silver, crafts and spice markets the streets around the clock tower. While we're walking, you can sample sweets such as Gulab jamun - a milk based sweet and Mawa Kachori - which is a fried puffed pastry stuffed with sweetened and flavoured khoya.

You'll have some free time in the afternoon to relax at the hotel or continue to explore at leisure.

## **Day 12: Jain Temple & monkeys at Ranakpur. Continue to lakeside Udaipur**

We make our way towards the beautiful lakeside city of Udaipur today, with a stop on the way in Ranakpur to visit the spectacular white marble Chaturmukha Jain Temple there, the largest and most important temple in the Jain religion built in the 15th century to commemorate the first Tirthankara of Jainism - Lord Adinath. We'll take an audio tour here, and also look out of the large population of monkeys that make the temple their home.

We arrive in Udaipur this afternoon, a city often dubbed as the 'Venice of the East', as it's set around a series of artificial lakes and is known for its lavish royal residences. It was founded in 1553 by Maharana Udai Singh of the Sisodia clan of Rajput, when he shifted his capital from the city of Chittorgarh to Udaipur. You'll have some free time this evening to begin exploring.

## **Day 13: Exploring beautiful Udaipur**

Today is all about exploring Udaipur. We'll start with a visit to the City Palace, which was built over a period of 400 years and is one of Rajasthan's architectural marvels. Located on the edge of Lake Pichola the palace comprises an assortment of pavilions, terraces, courtyards, terraces and hanging gardens, encircled by granite and marble fortifications. We'll also visit the Jagdish Temple, located just outside the Royal Palace.

We'll then head to Lake Pichola and board a boat ride to Jagmandir Island, which houses a palace built by Maharana Karan Singh II in 1620. At its entrance, you'll be met by massive stone elephants and the island has an ornate 17th-century tower, the Gol Mahal, carved from bluestone.

The remainder of the day is free. In the evening why not consider visiting Bagore Ki Haveli, an ancient palace that has been converted into a museum on the waterfront of Lake Pichola, where you can enjoy watching a traditional dancing and puppet show.

# Options

---

Our tours are designed to include all that you need to enjoy a really special time in the destination you're visiting. However, we do also offer some extra options to complement the tour and add some additional sightseeing or activities, or some extra time at either end of the tour.

All accommodation based options (e.g. Single supplements, extra nights, cruise upgrades) should be booked and paid for in advance so that we can make the appropriate arrangements. Other options may either be booked and paid for in advance or while you are on the tour, though we recommend booking in advance to ensure there are no issues with availability.

Many options are priced the same throughout the year, but some may incur single or high season supplements - full details are given on the tour reservation form or on request.

## Single room supplement (INSGRE)

Min numbers: 1

The tour price is based on 2 people sharing twin/double rooms. This option books a single room in all the accommodation throughout the tour. If you are a single traveller and would be happy to share a room, let us know and we will see if we can pair you up with another single traveller of the same sex. If a room share is not available when you book then we will add the single room supplement to your booking and it will be payable with your balance payment unless we have arranged a room share for you by then. If a room share is arranged after you have paid the supplement then we will refund it to you. Room shares are arranged in order of booking.

**Note:** Single supplement prices may vary seasonally.

## Extra day in Delhi - pre-tour

Min numbers: 1

This option adds an extra day to the start of your tour, staying in the same hotel as the main tour itself (subject to availability). Your airport arrival transfer is still included. Prices shown are per person and based on two people sharing.

**Note:** Single room and peak season supplements apply.

## Extra day in Delhi - post-tour

Min numbers: 1

This option adds an extra day to the end of your tour, staying in the same hotel as the main tour itself (subject to availability). Your airport departure transfer is still included. Prices shown are per person and based on two people sharing.

**Note:** Single room and peak season supplements apply.

## Hot air balloon in Jaipur

Min numbers: 1

Capture the spectacular views of Rajasthan's forts with an early morning hot air balloon ride over Jaipur for a different perspective of this vibrant capital. Float high above the pink painted rooftops and enjoy a bird's eye view of Jaipur.

**This option runs from 1st of September to 10th of May each year, subject to weather conditions.**

---

## 1. Accommodation

We use good quality hotels rated at the Indian 3-star and 4-star level on this tour as well as some carefully selected heritage properties. These heritage hotels are often converted from former palaces or merchant houses and are full of historical character, though they may feel a little dated. They are often a highlight of your stay. The specific hotels listed on our website are our preferred hotels for our small-group tours. However, these may be changed from time to time based on current availability and other logistics. In this event alternative hotels of a similar standard will be used. If you would like to guarantee any particular hotels for your trip, please contact us to request a tailor-made tour.

Accommodation is based on twin or double en-suite rooms with air conditioning. All couples will receive a private double room.

Please check the Single Room Supplement option for details on room sharing options and charges for solo travellers on this tour.

---

## 2. Transport

Our trips feature a mix of different transport options. We want you to feel like you're really experiencing the country you're travelling through, but at the same time finish journeys refreshed enough to enjoy the next stage of the tour. Due to the somewhat chaotic nature of Indian roads, we only use private vehicles for all road journeys on this tour.

The tour also features an overnight journey on India's famous railway network, from Udaipur to Delhi. We aim to book seats in the AC2 class (2<sup>nd</sup> class air-conditioned carriage). This is relatively clean, comfortable and not overcrowded. You get a padded seat during the day which the carriage steward will convert into a flat padded bunk with pillows, sheets and blankets in the evening. There are no separate self-contained compartments, with the layout more open plan with curtained bays of four bunks on one side of the aisle (two upper and two lower) and two arranged along the wall of the carriage across the aisle from there. Meals and drinks are available on board. Tickets are issued 120 days in advance. If you book within 120 days of departure we cannot guarantee that you will be allocated a berth next to other people in the group, though the carriage stewards are generally very helpful in arranging to swap you with another traveller.

Due to the huge distances some trains cover, Indian trains are subject to delays and on these overnight journeys of around 12 hours a delay of an hour is not unusual. Delays can be longer in the winter months if the weather is foggy.

While in Ranthambore National Park we include two shared canter safaris (20 seater open backed lorry).

---

## 3. Transfers

The tour price includes a 24-hour airport meet & assist service in New Delhi airport, your arrival airport-hotel transfer and all other transfers. The departure transfer at the end of your tour has not been included in the tour price, to give you the flexibility of extending your time in Delhi if you wish.

---

## 4. Group Size/Tour Leaders/Guides

We are committed to being a small group operator, as we feel this gives everyone in the group the best chance to get to know their fellow travellers and to hear and make the most of their guide. There's no point in us providing great guides if you've got to peer over 30-40 shoulders to see them! So, we won't ever put you in a 50-seater coach with 49 other people and just one guide. Instead, we set our India small-group departures to have a

maximum of 12 travellers. The minimum group size is 2.

In India we provide a fully trained, local English-speaking tour leader/driver to accompany our groups. On this tour they will accompany you throughout the whole loop from Delhi/Agra/Jaipur/Ranthambore and in to Rajasthan. On groups of 4 or more, a guide will accompany you for the duration of the tour, for groups of 2 to 3, you will have a driver and local guides in each city.

At Encounters Travel we have a policy of aiming to use only local Indian guides and reps. We feel this gives you the best experience of the country and the sites you are seeing.

---

## 5. Entrance Fees

The tour price does not include entrance fees to the tourist sites mentioned in the itinerary. This allows for fluctuations in the prices set by the local authorities, which do change from time to time.

You should currently allow approx. US\$120 per person to cover these entrance fees (this includes one visit to the Taj Mahal). You will also need to cover the cost of entrance to any other extra sites that you may wish to visit that are not listed in the main tour itinerary. Your guide will offer to collect the entrance fee cost from everyone at the start of the tour and pay on your behalf, or you can arrange them yourself as you go along.

---

## 6. Dates & Prices

We run small-group departures on this tour between October and June, as Ranthambore National Park is closed to visitors during the monsoon months of July to September. All departures are guaranteed to run with a minimum of 2 travellers. Departure dates and prices are listed on our website (please check the website for up-to-date prices and special offers).

Private and tailor-made tours are available on any dates while the park is open and may be adjusted to fit your personal requirements, available time and budget.

---

## 7. Health and Vaccinations

You should ensure you are fully insured for medical emergencies including emergency evacuation and repatriation.

Recommended vaccinations and other health protection measures vary according to the country you are visiting and where you are travelling from. We recommend you contact your GP/medical practitioner or a travel clinic for current information on vaccinations needed for your destination. You should ensure that you are up to date with vaccines and boosters recommended for your normal life at home, including for example, vaccines required for occupational risk of exposure, lifestyle risks and underlying medical conditions. In addition, additional courses or boosters normally recommended for the countries in this region are:

**India:** Additional vaccinations: Diptheria, Hepatitis A, Tetanus, Typhoid. [Malaria map](#). Yellow Fever certificate: Yellow fever rules for India are quite complicated and lengthy. Please read the [WHO guidance](#).

**Malaria:** Vaccinations are not available against Malaria, which is a disease transmitted by mosquitoes that can be very serious and sometimes fatal. You should avoid mosquito bites by covering up bare skin with clothing such as long sleeves and long trousers and applying insect repellents to exposed skin. When necessary, sleep under a mosquito net. Mosquitoes are most active during and after sunset. You should consult with your GP/medical practitioner/travel clinic about the most appropriate malaria prophylactic medication to take for the regions you are visiting. In general the north eastern regions of India including Assam and Orissa are considered high risk, while the rest of India is generally considered low enough risk that anti-malarial tablets are not necessary for most travellers doing relatively short tours.

**Yellow Fever:** This disease is spread by infected mosquitoes that bite during the day. A Yellow Fever Certificate of vaccination may be required as a condition of entry depending on which country you are arriving from, or that you have travelled or transitted through recently (including connecting flights with stopovers of over 12 hours). You can view this US CDC information about where the virus is present and follow the links to further information detailing which countries need you to have a Yellow Fever vaccination as part of their entry requirements. Please ensure you have this certificate with you and to hand if necessary.

Please inform us of any pre-existing conditions such as diabetes or asthma and any prescription medicine you may be taking. We also need to know about any food allergies or physical disabilities that you may have.

---

## 8. What to take

**Luggage:** Suitcases are fine, though you may find rucksacks or large bags are more practical. You should also bring a small daypack/bag to take out during the day. Your main luggage will be left in the hotel during your sightseeing trips - you will not need to carry it far, and there are nearly always porters to assist.

**Luggage allowances:** Most international airlines restrict you to between 20kg and 23kg per person of luggage to go in the hold of the plane. Domestic flights often have smaller allowances around 15kg. As airline rules vary we recommend that you take no more than 20kg of luggage if your tour just includes international flights, and no more than 15kg if there are any domestic flights included in your itinerary. Please ask us for details if you are unsure about luggage allowances on your tour. Any excess baggage fees will be your responsibility to cover. Most airlines allow between 5kg and 10kg for hand luggage so we suggest that you take no more than 5kg unless you have confirmed that your airline(s) will allow more than this.

**Clothing:** The weather is mainly hot most of the year with significant variations from region to region. The coolest weather lasts from around the end of November to the beginning of March, with fresh mornings and evenings, and mostly sunny days. The really hot weather, when it is dry, dusty and unpleasant, is between March and June. Monsoon rains occur in most regions in summer anywhere between June and early October.

**NOTE:** India is very traditional and some heads will turn if you dress provocatively in public. Short tops, short skirts / shorts, tight or body revealing clothes etc should be avoided. You might invite unwanted attention from certain men who stare and pass comments at women to amuse themselves. More detailed climate information is available on the India Country Guide page on our website.

**Suggested List:** This is a guide only - there's no problem if you bring more or less with you. Cheap comfortable clothing is also readily available in India and laundry is inexpensive. It is also worth having some smarter clothes for going out. Towels are provided and laundry services are available in all the hotels we use.

Men: Lightweight trousers, shorts, light shirts & t-shirts, Swimwear

Women: Light cotton skirts/dressers, loose-fitting trousers, light shirts or t-shirts, loose shorts, Swimwear

Men & Women: Jumper/sweatshirt/fleece, Long sleeved shirt(s) (for cool nights, protection from the sun & mosquitoes, and visits to religious sites etc), Handkerchiefs, socks & underwear, Comfortable trainers/sandals for daily wear, Other shoes/sandals for evening wear, Sunhat or headscarf (headscarfs come in handy for some sights which require women to cover their head)

First Aid: Although First Aid and medication is readily available in India, it may be very different to what you are used to so individuals should consider bringing along their own personal kit. Your personal kit might include: Sunscreen, sunblock & aftersun, Insect repellent/relief, Antiseptic cream/spray, Plasters and a bandage, Lomotil or Imodium against diarrhea, Pills against nausea, Aspirin for heat-stroke (or hangovers) Your kit should also include your brief medical history, including allergies, blood group, drug vaccinations etc. We suggest bringing copies of prescriptions if you will be carrying medicines on board your flight.

**Toiletries:** Razor, soap & box, shampoo, Toothpaste, toothbrush & container, Sanitary items

**Note:** If you wear contact lenses, you should consider taking or wearing glasses instead, as lenses can be uncomfortable and/or cause infections in hot and humid climates.

**Other useful items:** Sunglasses, Small Torch, Money belt, Camera and equipment, Toilet paper (this is not always provided in public toilets so it is a good idea to carry some spare tissues in your bag. It should be placed in the basket beside the toilet, not flushed away, for you might block the pipes).

**IMPORTANT:** As it can get extremely hot in India, and the sun can burn very quickly, it is very important to ensure you are protected from the sun with sun-cream & sun-hats, and do not get dehydrated.

---

## 9. Money

Rupee (INR; symbol Rs) = 100 paise. Notes are in denominations of Rs 2,000, 1000, 500, 200, 50, 20, 10 and 1. Coins are in denominations of Rs 10, 5, 2 and 1, and 50 paise (Rs 0.5). Note: The import and export of local currency is prohibited. Sometimes smaller vendors will not take bills larger than Rs 500. It is best to carry a range of rupee notes if you are shopping at bazaars and local markets.

Note: You must present your passport whenever you change currency or travellers cheques. Commission for foreign exchange is becoming increasingly rare; if it is charged, the fee is nominal.

Credit cards: In major cities, the full cadre of banks cards are generally accepted including debit cards, American Express, Diners Club, MasterCard and Visa. However, in smaller towns and villages, choice is generally narrowed to cash or MasterCard and Visa.

ATM: 24 hour ATM machines can be found in all the major cities and most large towns. Visa, MasterCard, Cirrus, Maestro and Plus are amongst the most commonly accepted cards.

Travellers cheques: These are gradually getting less accepted but may still be changed at larger banks and some larger hotels. The most widely accepted currencies include US Dollars and Pounds Sterling. Some banks may refuse to change certain brands of traveller's cheques whilst others may exchange quite happily.

## 12. Responsible Tourism

It is impossible not to have an impact on the local environment, cultures and eco-systems when you travel. However, it is very possible to try and ensure that these impacts are as limited, or positive as possible. We are

committed to ensuring that we try to leave our host countries in a better state than we found them and encourage and assist our travellers to help us with this.

The following are a few simple tips that require very little effort on your part but which will help ensure that any effect you have on the locations you visit is positive rather than negative.

- Don't prejudge: Things in different countries will almost certainly be different. That doesn't make them worse or inferior, just different.
- Communicate: Don't expect locals to speak your language. Take the trouble to learn a few words or phrases of the local language. Don't worry about sounding silly. Most locals are patient and accommodating and appreciate you making the effort to communicate in their language.
- Conserve energy: Be careful not to waste valuable resources. Use local resources sparingly. Switch off lights, air-conditioning and fans when you leave the hotel room and don't waste water. Remove superfluous packaging. Many countries have far less efficient waste disposal systems than ours. Remove packaging from newly acquired items before leaving home.
- Don't litter: No matter how untidy or dirty the country you're travelling in may look to you, avoid littering, as there is no need to add to the environment's stress. Many of the countries we visit have a tough challenge dealing with rubbish and waste. Please consider taking home as much plastic waste as you can (e.g. water bottles).
- Choose environmentally friendly products: By using environmentally friendly (bio degradable) sun creams, shampoos and detergents you can help reduce pollution.
- Respect local customs and traditions: As you are a guest in these countries, you should also comply with the local customs. If you are friendly and well mannered, the locals will reciprocate and it will only enhance your experience. It's important to follow dress and behaviour guidelines especially when visiting religious or sacred sites (your tour leader will advise you how best to do this).
- If a client commits an illegal act the client may be excluded from the tour and Encounters Travel shall cease to have responsibility to/for them. No refund will be given for any unused services.

All porters are employed and equipped following guidelines set by the International Porter Protection Group (IPPG).

### 14. Travel Insurance

Travel insurance is compulsory on all of our tours and needs to cover personal accident & liability, medical expenses and repatriation, travel delay & abandonment. We also strongly recommend that you take out cover against cancellation and lost/stolen baggage. Personal medical insurance does not normally provide sufficient cover and is generally not suitable for travel on our tours. You will not be able to join your tour if you have not provided us with details of your insurance or if you arrive without cover in place (no refunds will be due in this event).

Considering travel insurance for your trip? [World Nomads Travel Insurance](#) offers coverage for more than 150 adventure activities as well as emergency medical, lost luggage, trip cancellation and more.

If your tour includes car hire, or if you plan to arrange a hot air balloon flight locally or do some scuba diving during your tour, you should check the small print in your policy to make sure these are covered (these are covered in our policy). Please also check the maximum altitude that you will be reaching and that full cover including emergency evacuation is provided up to this altitude.

If you are taking expensive camera gear or other electronic equipment with you then please check the coverage and the fine print of your policy to ensure that you have sufficient cover.

*IMPORTANT: We must have your travel insurance details (policy number and type of insurance) before you depart or you may not be allowed to join the tour. If you haven't told us already, please let us know the details when you can. You should take a paper copy of your insurance policy with you as you may be asked to show this at the start of the tour.*

## **Covid-19**

**Before purchasing any travel insurance, please check the coverage provided for situations related to Covid-19, and for the rules about government travel advice. Your normal policy may not be suitable.**

## **15. Before you travel**

It is important when considering and preparing to travel anywhere in the world that you have a good understanding of the country you are visiting, its laws and customs, and the possible risks and situations that may occur. This includes specific risks related to your itinerary (eg. does it involve water & can you swim, are you fit enough for the activities included), as well as more general risks such as terrorism and natural disasters.

General details and links to more information about health risks, visa requirements, money, and travel insurance are given in these tour notes. We recommend that you re-read all these before your departure as well as the small print of your travel insurance policy so you know exactly what is covered and what is not.

You should take copies of your important travel documents with you and ideally also store them online securely as a backup. Make sure that you have given us your emergency contact details and told that person where and when you are travelling. Ensure you take enough money with you and that you have access to emergency funds.

Finally, you should read through and stay updated with the current [official government travel advice](#) for your destination. We are registered partners with the UK Foreign Office's ['Travel Aware' campaign](#) which provides further useful and invaluable information.

## **16. Reduce Plastic Waste with Water-to-Go Filter bottles**

Traveling responsibly means minimizing plastic waste, but staying hydrated on the go is essential. At Encounters Travel we are committed to reducing single-use plastics, which is why we've partnered with Water-to-Go. Their portable filtration system removes over 99.9% of contaminants from any non-saltwater source, turning even questionable water sources into safe drinking water.

Given that tap water is un-safe to drink in many of the countries in which we operate, we recommend purchasing a Water-to-Go bottle prior to departure. This will help you avoid the use of single use plastic bottles and keep you hydrated on the go.

Save big! Get a huge 25% off your Water-to-Go bottle and other Water-to-Go products (such as filters, lids, and carriers). Use code **ENCOUNTERS25** at checkout (valid in the UK, USA and Canada).

### **How Water-to-Go Technology works:**

- Their reusable, BPA free water bottles contain their own unique 3-in-1 filtration technology effectively providing clean safe drinking water from any non-salt water source around the world.

- Three different (1 traditional and 2 nano) technologies are combined in one filter cartridge to remove up to 99.9999% of microbiological contaminants in water.

#### **The three technologies used in a Water-to-Go filter are:**

- Mechanical filtration – A tiny pore size, so small contaminants can't fit through.
- Electrical – A positive charge reduces the pore size even further and attracts contaminants like a magnet, trapping them inside the filter.
- Activated Carbon – Unlike most carbon based filters, instead of using adhesives to glue the carbon particles together, (which vastly reduces the carbon's efficiency) it is contained within the membrane, helping to reduce contaminants whilst eliminating bad tastes and odours. Try filtering water from your tap at home and taste the difference!

#### **Water-to-Go filter bottles deliver safe, healthy water worldwide**

- Water-to-Go filters remove bacteria, viruses, waterborne disease, protozoa, heavy metals such as lead as well as harmful chemicals.
- Their filters remove Chlorine and Fluoride from tap water.
- The filter will eliminate harmful contaminants from the water but allow beneficial minerals such as sodium and magnesium to pass through leaving you with the healthiest water possible.
- Water-to-Go filters have been independently tested against internationally recognised standards by industry specialists including The London School of Hygiene & Tropical Medicine (UK), BCS Laboratories (USA), Bangalore Test House (India) and IMI (China).

#### **Use Water-to-Go products and you'll be healthier, wealthier and helping to make the world a better place!**

- Depending on filter size, each Water-to-Go filter is able to replace 260 or 400 single-use plastic water bottles!
- They ensure you have access to safe water anywhere in the world without ever having to buy environmentally damaging bottled water.
- Their water bottles deliver safe, clean drinking water at just 5p per litre.
- The filter membrane is biodegradable and the shrouds are recyclable.
- The water bottles are used and approved by everyone from backpackers to commuters, gym users to expecting mums. Perfect for everyday, outdoor and travel.

### **17. Private & Tailor-made Tours**

While our group departures offer a fantastic way to explore with like-minded travellers, we understand that some guests prefer a more exclusive experience. Most of our group tours can be booked on a private basis, allowing you to enjoy the same expert-led routes with your own dedicated party. The primary advantage of choosing a private arrangement is the flexibility it provides; we can easily customise the itinerary to include your preferred style of accommodation or adjust the pace to suit your needs. Private tours can be run on the same start days as our group tours, or on other dates. However, some activities within our trips are restricted to particular days of the week - we will advise you on anything like this that we need to work around. Pricing will be based on the number of travellers in your party, and any customisations you may like to make.

For those seeking something truly unique, our specialist sales team is available to collaborate with you on a completely tailor-made tour, designed from the ground up to match your specific interests, accommodation level and requirements.

### **18. International Flights**

We want to give you as much flexibility as possible when it comes to booking your holiday with us. So, to take account of people with varying travel plans, we don't include your international flights in the main tour price. We

are however very happy to suggest flights to go with the tour. Please contact us with your preferred dates and departure airport and we'll give you a selection of airlines, times and fares to choose from.

Your airport arrival & departure transfers are included on the first and last days of the tour. Most of our Indian tours start and finish at Delhi airport (DEL).

We do also sometimes advertise flight inclusive packages from selected airports. Where these are shown on our website, prices are correct at the time of quoting, but are subject to continued availability of the fare used. Prices will be reconfirmed at the time of booking, and we will also provide the flight times and airline details before tickets are issued.

Flight inclusive prices are based on the cheapest Economy ticket class available which is generally non-refundable and non-changeable unless the flight is cancelled for reasons such as Covid-19, in which case the airlines are more flexible. More flexible ticket options, as well as Premium Economy and Business Class tickets are available on request for an additional supplement. Any changes made to flight inclusive bookings will be subject to the airline rules on your ticket.

### **Flight CO2 Emissions:**

Traveling by air is an amazing way to explore the world, but flights also contribute to carbon dioxide (CO2) emissions that impact the environment. By considering the airline's CO2 emissions when you choose your flight, you can help minimize your travel footprint.

When selecting your international flights and airline, we do therefore recommend that you try and also take into account the flight CO2 emissions. Some airlines and flight search websites (eg. Google Flights, Skyscanner) do publish this information, so you can compare between your flight options and make an informed decision. Thankfully, many airlines are working towards sustainability efforts, and choosing a greener option allows you to contribute to positive change while still enjoying your incredible adventure.

## **19. Tipping - India**

Haggling is a traditional necessity, so it's wise not to pay too much regard to initial prices. Instead fix an item's value in your mind then negotiate towards it unhurriedly and don't be afraid to simply walk away if the price isn't right. Once you have offered a price though, you should be prepared to pay it as you may cause offence if you then back out.

While an accepted part of the culture and customs in India, tipping is always optional, and the amounts paid should reflect excellent service. We are often asked for advice on common amounts, and for assistance with tipping. Some suggested guidelines are given below.

**Restaurants and taxis:** Local markets and basic restaurants - leave the loose change. More up-market restaurants we suggest 5% to 10% of your bill.

**Local guides:** Throughout your trip you may at times have a local guide in addition to your tour guide. We suggest USD 5-10 per person per day for local guides.

**Drivers:** You may have a range of private drivers on your trip. Some may be with you for a short journey while others may be with you for several days. We would suggest a higher tip for those more involved with the group, for example if you don't have an extra accompanying guide. However USD 3-6 per person per day is generally appropriate.

**Tour Guides:** To answer your next question. . . as a guideline for tour guides who accompany you on the entire tour, we suggest you allow around USD 5-10 per person per day, but ultimately, as with all the tipping described above, it's up to your satisfaction with their service and your personal budget. You should not feel pressured to tip any particular amount.

## **20. Passports and Visas - India**

Your passport expiry date must be at least 6 months after your time in India finishes. Do not bring a full or almost expired passport. You must also have a machine-readable passport or you may be denied entry. If you have an old-style manually issued passport you will need to replace this with a new machine-readable passport before you travel.

Most nationalities (including UK, USA, European, Australian, Canadian) will need to arrange their Indian tourist visa in advance. A new online e-visa system is available which makes the process more straightforward than before. You can make your application online at [indiavisaonline](http://indiavisaonline).

Visa requirements for India can and do change regularly and we suggest that you arrange your Indian visa early and re-check your specific visa requirements prior to travel for any changes.

## 21. Voltage

In Nepal, India and Sri Lanka, sockets are mainly two round pronged and 230 volts (Type C,D,M). In Bhutan a range of different sockets can be found, including two and three round pronged and three flat pronged (Type D,F,G).

Universal adaptors are available in most airport shops if you don't have one already. Standard UK-European adapters will work fine, though sometimes they may feel a little loose in the sockets. All hotel rooms have electrical sockets where you can re-charge cameras, phones etc. Hair dryers are sometimes available on request from the hotel reception if not in your room already but cannot be guaranteed.

If you have US appliances (110 volts) you will need a voltage converter as well as a plug adapter.

---

## 22. Time

The time in India and Sri Lanka is GMT plus 5 1/2 hours.

The time in Nepal is GMT plus 5 3/4 hours.

The time in Bhutan is GMT plus 6 hours.

The time in Tibet is GMT plus 8 hours.

Daylight saving adjustments are not applied.
